Front-End Web Developer

We are a results driven Digital Marketing firm with a passion for providing measurable results. Our goal is to meet or exceed the expectations of our clients while providing the highest level of customer care. Our focus is developing websites and applications that provide value and a great user experience for our clients and their customers.

Each individual is highly valued and we provide an environment where sharing ideas and working together is encouraged and ultimately essential to reaching our goals. Everyone should be able to share knowledge with others and also be comfortable asking for help when needed so that together we can build reliable and performant systems.

We are currently looking for a Web Developer that has strong skills in CSS/SASS / HTML / Javascript / Responsive Media Queries and that has the same passion for development as we do for the success of our clients. If this sounds like you, then please read on.

Position Responsibilities Include:

- Build and maintain customer websites.
- Build and maintain web components for use throughout our sites
- Working closely with a team to accomplish team goals
- Keep up on industry standards and best practices
- Working with graphic designers to convert designs to visual elements

Benefits and Perks:

- Competitive Salary
- Medical, Dental, and Vision Benefits
- 401k matching
- Flexible Work Schedule
- Great Team Environment
- Opportunities for Growth

Requirements:

- 3+ years of website development experience
- A passion for developing high quality responsive websites
- Highly skilled at working with HTML/CSS/JS
- Detail oriented developer well versed in best practices
- Working knowledge of PHP (CodeIgniter Framework experience a plus)
- Experienced with Javascript
- Great communication and organizational skills
- Understands how to manage/estimate time and deliver projects on schedule

Job Type: Full-time

Education:

- High school or equivalent (Required)

Location:

- Tucson, AZ (Required)
